An automobile from Pennsylvania arrived in the valley Monday. The occupants were on their way to Eminence, in Shannon county, on a fishing expedition. They left the car here and made the rest of the trip by rail.

Everybody is invited to bring their baby to the Baptist church Wednesday afternoon, April 26th, at one o'clock. A blue ribbon will be given the prettiest and fattest baby. These prizes have no bearing on the ones to be rewarded the following day in the physical contest.

In an altercation on the street last Thursday afternoon, Sheriff Wm. Blue struck Chester M. Stevenson on the head with a revolver, inflicting wounds which necessitated the services of a surgeon and required several stitches. Politics seem to have been the cause of the trouble.

Prof. Ray M. Jones left yesterday for Brunot, where he will spend a week or so with home folks and will then enter the Cape Normal for a training course. He will teach the Como school this fall. Ray is a fine young man and has many warm friends here who will be glad to learn of his return.—Lilbourn Herald.

Dr. Otto Barnett, who lives on Crane Pond, about twelve miles south of Ironton, killed a big wolf with a hatchet, near his barn one day last week. He saw the wolf prowling about the place, threw a hatchet at it and knocked it down, and he soon dispatched it. This sounds a little "fishy" but Joe Solinger, a neighbor, assures us it is absolutely a true story. The wolf was old and Joe tells us is the largest one he ever saw.

Ironton friends of Dr. and Mrs. Wilson Stitt, former residents of this city, will be sorry to hear of the death of their eight-year-old son, James, by drowning in a river in Livermore, Pennsylvania, on April 1st. The child, with some companions, was playing on the river bank, when he slipped and fell into the water and the body has not yet been recovered. Dr. Stitt was pastor of the Presbyterian Church in Ironton about eight years ago.

The REGISTER this week prints the announcement of J. D. Downs, a well known farmer of Marble Creek, as a candidate for the Democratic nomination for County Judge of the Southern District. Mr. Downs has been a resident of the county for nearly twenty-five years and feels that he knows the needs and wishes of the people on the southern district. He promises that should he be elected he will at all times be found discharging the duties of his office to the very best of his ability.

The school board has not yet agreed on a site for the proposed high school. Mr. H. M. Blossom from St. Louis was here Monday and endeavored to convince the members of the board that the old Emerson would be an ideal location for the building, and offered to sell it for \$12,000 and make a donation of \$500. The board agreed as to the beauty of the location but considered \$11,500 too much of the total appropriation to spend for a site alone. It would hardly be practical to transform the residence into a school building.

Mr. James A. Ruble of Vulcan announces in this issue of the REGISTER as a candidate for the Democratic nomination for County Judge of the Southern District of Iron County. Mr. Ruble is a well known member of one of the most prominent families in the south-end of the county. He is a good man and citizen and no doubt would prove a capable and efficient member of the county court. He respectfully solicits due consideration of his claims by the voters at the primary.

Mr. W. C. Walther, of St. Louis, who came here a few weeks ago to spend the summer on Mrs. L. M. Schwab's place, west of town, died last Saturday morning of typhoid fever, having been taken sick the day of his arrival here. The deceased was in his forty-third year and for several years had been in the saw mill business in Reynolds county. He leaves a wife and daughter, who have the sympathy of the community in their bereavement. The remains were taken to St. Paul, Minnesota, Sunday afternoon for interment.

The following is taken from the Natchitoches (La.) Times: "Miss Myra Ake, the uncommonly gifted young pianist, will be a feature at the Appreciation Class program, Friday, April 7th, playing with Mr. Fredericks the Sonata in F by Kreis. This sonata is noted for its beauty and dramatic qualities, and is of especial interest to music lovers. Miss Ake has attained through hard work, coupled with her talent, a very high standard in this work, and music loving people will have an extraordinary treat in listening to Miss Ake's performance."

Recorder Hawkins has issued the following marriage licenses since our last report:

Wm. J. Fauger of Hillsboro, Illinois, and Beatrice Massey of St. Louis.

Raymond B. Johnston and Hazel Settle of Bellevue.

Paul Petty and Lizzie Riley of Casebolt.

John Lee of Des Arc and Edna Wilson of Piedmont.

Walter Ascher and Bessie Mayes of Ironton.

Henry J. Koellhoffer and Mabel Wyand of St. Louis.

Fred Strolom and Della Clemons of Casebolt.

The first shipment of ore from the Silver Mines was made last week, 1250 lbs being contained in the first shipment. It is reported that this mineral, tungsten, is worth \$4000 a ton. Mr. Edmondson says this is a test shipment and that if this proves successful the company will erect a mill for handling the ore and the mining will be pushed to the limit. At present it is all hand picked and with the aid of a mill it can be handled with greater rapidity and with less waste than is being done under the present system. We hope that it proves out all right and that a big industry will be built up at that place.—Fredericktown Tribune.

Have you paid your city taxes? If you haven't you had better get busy and pay them at once unless you want to "dig down" for penalties and costs. For a number of years certain parties have persisted in absolutely refusing to pay any city tax, whatever. The Board of Aldermen has ruled that this practice must end and end forthwith. Instructions have been given to Mr. C. F. Hanson, city collector, to file suit against every delinquent April 29th. No exception is to be made of any one. Unless you pay your city tax on or before the date mentioned you may expect to find yourself in court with costs and penalty to pay. This is final warning to those interested. You had better heed.

The Ladies' Social Club met in regular session on April 4th, with Mrs. Jane Newman as hostess. Fourteen members responded to roll call. The Club always looks forward with bright anticipations of a great time with the hostess, and this meeting was no exception if we may judge from the great merriment and the lively interest in the three unique contests, from start to finish. At conclusion of business and program the Club was invited to the dining room to partake

of a most tempting and delicious two-course luncheon, daintily prepared and served by the admiring daughters of the hostess, Mesdames Arthur Huff and Mann Ringo. The Club adjourned to meet with Mrs. L. D. Spencer as hostess on Tuesday, April 18th.

Dr. G. W. Farrar returned Saturday night from Kansas City, whither he had been summoned to appear before the State Board of Health and show cause why his license as a practicing physician should not be revoked on the charge of writing prescriptions for liquor as a beverage. The Dr. did not lose his license but he learned much of the despotism that dominates the State Board of Health. In endeavoring to justify his course in writing prescriptions for whiskey he was informed that the State Board of Health had long since ruled that whiskey was not a therapeutic agent and "must not be prescribed by physicians." The Dr. says there were some fifteen or twenty other physicians there defending themselves on a similar charge and that in every instance except his own there was a preacher present from the vicinity of the accused's home acting as prosecuting witness. A sort of ministerial detective agency acting in conjunction with the high and mighty State Board of Health. This is unprecedented and most un-American. The Dr., on his solemn promise to sin no more, was permitted to retain his license.

The validity of the school election recently held in the Ironton school district wherein bonds for \$15,000 were voted for High School purposes has been called in question. Before the election some of the residents of Arcadia requested the establishment of a polling place in their town. This request the board denied. The following is taken from the Session Acts (page 388) of the Missouri Legislature of 1915:

Provided, that if there shall be any other incorporated city or town included in such school district, there shall be at least one polling place within such other incorporated city or town.

In view of this law the contention is made that the failure to provide Arcadia with a polling place invalidates the election. The members of the board announce they have sought legal advice and been assured that the point is not well taken. That the courts, in similar instances, have refused to set the result of an election aside because of some slight irregularities. And thus the matter rests at present. The board announces its intention of proceeding with the work of issuing the bonds and getting ready to build. A law suit seems probable.

School Notes.

The Iron County Athletic Meet held at Ironton Saturday, April 15th, brought fresh laurels to the High School. Dewey Pollock received first honors for the High School and we are planning to send him to the South East Missouri Track Meet which will be held May 6th.

Russell Farrar and Russell Riggs won several events and it can be impartially said that all did excellent work.

Several out of town Teachers visited the displays in the first, second, third and fourth grade rooms, and commented very favorably upon the work.

The Mothers' and Patrons' League will give gold medals to the students in the Eighth Grade and the Junior Year of High School who receive the highest grades. This was done last year and we hope they will continue the practice.

Methodist Mention.

Attendance in main Sunday School, 116; cradle roll, 14; home department, 20; total, 141. Offering, \$3.60. Union school voted to meet at 9:00 o'clock at the church, and march in a body to Fort Hill to witness the Easter exercises there, in which some of the Union School will participate. All teachers and scholars are urged to be on hand promptly at 9:00 o'clock so they may be counted present at roll call.

A good attendance was reported at the League under the leadership of Miss Nora Smith. The topic for next Sunday is: "The New Life in Christ." (Easter meeting.) Romans, 8:1-23.

Presiding Elder Crowe will preach at Fort Hill at 7:30 Saturday evening, and immediately after will hold the third quarterly conference. This will be an important conference, hence every member of it ought to be present. Sunday morning, the Elder will preach an Easter sermon at Fort Hill, and the pastor one at Union at night. Special music at each. To all of these services the people are invited.

The Woman's Missionary Society will meet with Mrs. John H. Keith Thursday afternoon.

Better Babies' Contest.

The Better Babies' Contest is a popular yet scientific movement to insure better babies and a better race. It consists of entering, examining and awarding prizes to children of four years or less on exactly the same principles that are applied to livestock shows. Mere beauty does not count. Physical and mental development only are considered. The Better Babies' Contest insures a better race of Americans, because it teaches parents how to improve the physical condition of children already born and to protect those yet unborn. It arouses interest in the conservation of child life and health and in all forms of child welfare.

The Better Babies' Contest for Iron county will be held at the Baptist Church the 26th and 27th of April, beginning at one o'clock each day.

The first day will be devoted to lectures and demonstrations, the second day to the measurement of entries.

Those who have not received measurement cards should do so at once, and those who have cards will please submit them to the committee as soon as possible.

The classification of entries will be as follows:

From Dr. Farrar.

At a meeting of the State Board of Health held at Kansas City, April 14th, several physicians from various counties were called to show cause why their license should not be revoked, for having written prescriptions for alcoholic liquors. The Board has decided and so ruled, that alcoholic liquors are not therapeutic agents, and must not be prescribed as remedies in sickness. That any physician who continues to do so will certainly have his license revoked. This decision was not known by any so charged, each one believing that when a prescription had been written in good faith, and for medical purposes, that he was entirely within his rights and privileges. On promise that no more prescriptions would be written, the charges in every case were dismissed. G. W. FARRAR.
